The American Federation of Musicians and Employers' Pension Fund (AFM-EPF) now offers 60-minute virtual webinars with interactive Q&A designed to help Participants better understand the AFM-EPF Pension Plan.

Whether you are early in your career or beginning to think about retirement, understanding these fundamentals can help you make informed decisions and maximize the value of your benefit.

Each webinar provides an overview of how the AFM-EPF Plan works and explains some key Plan provisions, including participation requirements, vesting rules, retirement eligibility, benefit calculations, and the death benefits available under the Plan.

We also review the tools and resources available to help you stay informed and engaged with your pension benefit. Participants will learn how to access and navigate the Participant Portal, use the Pension Estimator to project future retirement benefits, and the importance of making a beneficiary designation.

These webinars are open to all. We encourage you to attend to gain a clearer understanding of your pension benefit and to help you plan for retirement.
