AFM-EPF Sends Letters to Congressional Leaders in Support of Pension Legislation

Last month, we informed participants that federal legislation introduced by U.S. Senator Sherrod Brown (the “Butch Lewis Act”) would address the financial issues confronting the AFM-EPF, and that bipartisan negotiations are underway in Congress to produce a solution to the national multiemployer pension crisis.

The AFM-EPF has sent a letter to Congressional leaders to convey our support for the Butch Lewis Act, and to urge them to pass legislation that helps our Fund and treats our participants fairly. You can read this letter [here].

To learn more about the Butch Lewis Act and how to contact your Members of Congress, you can read the December 21, 2017 issue of Pension Fund Notes on the Fund’s Announcements page.
